

Create Rotated Text at Left Side of Page
WordPerfect Magazine
By Bob Bringhurst

The included ROTITLE.WPM macro lets you create large titles that print sideways on the left side of the page (see figure below). The selections include "Confidential," "Memo," "Confirmation," "Press Release" and "Fax."

To run the macro, at the document screen press Macro (Alt-F10), type *rotitle* and press (Enter).

When you want to edit the selections in this macro, press (Home), Macro Define (Ctrl-F10), type *rotitle* and press E. The selections are at the very beginning of the macro.

Before typing regular text, be sure to change the left margin so your text will appear to the right of the rotated title.

52nd Annual Rising Star Funfest

We received your funfest payment, so you're all set to come to the party of the year!

Activities!

The activities start at 9:00 a.m. at Pine Meadows, and they'll last all day long. You may want to bring a swimsuit, extra shoes, and warm clothing, just in case something unplanned—but not unprecedented—happens. And if you like tennis or golf, bring your gear. Here are just some of the activities.

- Horseshoes
- Water Balloon Tossing
- Sack Races
- Bicycling
- Horseback Riding

Entertainment!

We're honored to have some of the most talented people in the nation entertaining us. We'll have singers. We'll have dancers. We'll have mimes making everyone in the park happy. So when you're not busy riding horses or canoeing, come sit in the pavilion to watch these talented folks.

- Sid "Slow Train" Goldstein
- The Bangheads
- Emile Messier
- Ivan Stivac

Food!

You'll get hungry as you bounce from event to event, but that's no problem. We'll have enough food available to feed another planet. If you'd like to participate in one of the baking contests, we welcome you to bring your own food. But we welcome everyone to kick back, enjoy the activities, and eat!

- Spaghetti
- Chips and Dip
- Potato Salad
