

Switch between Text and Graphic Modes
WordPerfect Magazine
Tips

The included T2G.WPM macro quickly switches from Text to Graphics mode. To run the macro, press (Alt+F10), type *t2g* and press (Enter).

The included G2T.WPM macro quickly switches from Graphics to Text mode. To run the macro, press (Alt+F10), type *gt2* and press (Enter).

Warning: Using either of these macros, you won't be able to access the Graphics pull-down menu on the menu bar with the keyboard.
